

To parent or caregiver

Use of student's work, photographs or video image in publications

The NSW Department of Education and Training is developing materials to support teaching and learning in pre-schools and schools. Student work samples, photographs or video images of students as they work may be included in these materials.

Your permission is sought to reproduce:

- samples of your child's work
- photographs or video images of your child,

for use in materials to be developed, published and distributed to schools. The materials produced may be published in print or electronically including on the Internet.

Permission is sought for a period of up to three years from the date of this letter.

Not every sample collected will be used and work samples may not appear in exactly the same form in which they are submitted.

Materials produced may also be made available for sale to the wider education community.

The school principal approves of these activities.

Please complete the form on the next page and return it to your child's teacher.
