

Evaluating HSIE and ASR for primary school leaders

Leading HSIE in your primary school NSW DET Curriculum K-12 Directorate HSIE workshop

Audience: Primary Principals, Executive teachers and HSIE coordinators.
Cost: \$110 for DET and \$220 for non DET.

This workshop aims to provide background information and strategies to undertake a school curriculum evaluation of Human Society and its Environment that will support improved school management and classroom delivery. The curriculum evaluation may be undertaken in conjunction with an evaluation of an aspect of school management consistent with the requirements of the Annual School Report. Participate in a transferable process to develop updated school HSIE scope and sequence plans. The workshop will develop participants background knowledge and understanding of the teaching and learning in the HSIE K-6 syllabus in the context of the K-10 continuum.

Specific aspects related to school planning and management include:

- Tools and strategies to undertake a school evaluation of HSIE suitable for inclusion in the Annual School Report
- DET policy requirements in the context of HSIE linked to ASR
- Review and evaluate the COG model
- A process for revising or redeveloping a school HSIE scope and sequence plan
- Identify school based actions to improve practice teaching and learning in HSIE K-6
- Identify own school / community priorities
