

Mathematics K-12 professional learning activity

Creating mathematical partnerships K-12

Thursday 25 June 2009 Coffs Harbour (Event: 8196)

Tuesday 15 September 2009 Armidale (Event: 8201)

This **one day** workshop will focus on the big picture of mathematics education in our classrooms, schools and universities, and also the detail of how we are helping individual students to develop as confident users of mathematics. The workshops will showcase our state-wide numeracy and mathematics projects as well as programs which have been developed or adapted by teachers, school communities, regions or universities.

Workshop sessions may include:

Count Me In Too	Counting On
Lesson Study	Secondary programming
Decimals	Patterns and algebra
Space and geometry	Learning Objects
Measurement	Stage 6 syllabus
Assessment	Primary programming
Fractions	Leading & managing the curriculum in mathematics

Teachers who wish to register for this workshop need to be approved by the Principal to attend.

This workshop is available to **NSW DET teachers, teachers from other sectors and pre-service teachers**. Registration closes **five** working days before the scheduled event.

What to bring: K-6 or 7-10 mathematics syllabuses

Workshop registration

To register for this workshop follow the first link for primary and the second for secondary

<http://www.curriculumsupport.education.nsw.gov.au/prolearn09/primary.htm>

<http://www.curriculumsupport.education.nsw.gov.au/prolearn09/secondary.htm>

Once registration is completed, participants will receive workshop confirmation, details of the venue and an agenda.

A registration fee of \$110 per day (incl. GST) for government and non-government schools and \$25 per day (incl. GST) for pre-service teachers will be charged for each participant. This fee includes morning tea and lunch and all workshop materials.

Time: 9am - 3:30pm
